

**EQUINE/HUMAN**  
**HARMONY THROUGH BALANCE**  
**SEMINARS**

My seminars are geared -- excuse me, Hoofed more as an interactive sharing of information earned and learned rather than a "lecture". I can design a seminar for maximum sharing of a single topic or multiple topics, one hour through a week in duration, small groups or large stadiums. My seminars are different from what other "clinicians" do in that my unique approach to Horse Care starts from the perspective of the Horse, rather than the human.

Also, the information is based on 21st century logical, researched, and proven techniques and protocols that beginning or advanced Horse owners can implement and obtain immediate results that will increase the value of time when shared with the Horse.

Each individually listed Topic (below) is a single piece of the Harmonious Picture we all want with our Horse. If you don't see a Topic you would like addressed, just ask. Many more are available.

**TOPICS**

- **Balanced Horsemanship**
- **Balanced Hoof-Care**
- **Balanced Human-Equine Relationships**
- **Balanced Training**
- **Balancing the Horse**
- **Dealing with Lameness through Balance**
- **Reversing Founder**
- **Curing Navicular Issues**

- **Gizmos,Gadgets, and other useless Harmony Wasters**

**JUST ADDED (1/1/10)**

Apprenticeship program is a way to start the learning process of "how to care for your Horse's feet, along with all of the Horse those feet are attached too". This allows you -- the owner -- to care for and understand the whys and whats that make for a better Horse. Even if you decide to never do the physical work, you will have the knowledge to know if you are paying for the job your Horse needs.

For those that would like to begin a Farrier Career, this is an excellent opportunity to begin the process towards becoming a Certified Professional Balanced Farrier.

If you would like more information or to schedule a Seminar for your Group please contact me directly at 678-314-0381 or e-mail me at [david@davidqualls.net](mailto:david@davidqualls.net). Currently only Iran, Cuba, and North Korea are unavailable for scheduled events...
