

MESSAGE..... AND YOUR HORSE - July 1, 2008

[Shoe - Less Farrier Services](#), along with its team of committed Veterinarians, Professional Farriers, Chiropractors, Dentist, and Trainers would like to introduce its newest team Partner: **Miss Corina Graves CMT**

Miss Graves, has completed all required educational credits and techniques required by the state of Florida to obtain a Certificate of Professional Equine Massage Therapy. She has also demonstrated to us the level of professionalism and Horse "sense" we require and you expect. We welcome Miss Graves as a valued member of our Equine Health committed team. All of the Horse care in the world will not be complete without the Balancing of the muscles and soft tissues. To this end Corina Graves and her years of Horse training, and her desire to help every Horse become what the owner wants is a welcome member to our team! And should be a member of your Horse's scheduled caregivers.

As with the other team members, Miss Graves is willing and able to visit any Horse anywhere on this Planet, and that Horse will be Healthier because she did.

[Shoe - Less Farrier Services](#) is offering all current and future clients a package plan that is both beneficial to the Horse's over-all health and easy on the owners bank account. This Package includes all of the professional Hoof Care the Horse needs and deserves and a Massage Therapy Program designed for each individual Horse and its needs.
