

# My Horse Poem

Mister Horse, hello, you are a beautiful creature

Mister Horse, you are my best feature

Horse, thank you for the invite to share your life

Blessed Spirit, you are my walk to nature

Partner, the work today will be without strife

Buddy, lead me on - I'm not the sharpest knife

Brother, the boogie bears have to eat me first

Smokey Joe, you're so much better than a wife

Mister Horse, you fill me with happiness 'til I feel I'll burst

Smokey Joe, You have never made me curse

Buddy Horse, Thank You from the heart

I've learned my best is Smokey's worst

Mister Smoke, I love ya even when you fart

Partner, you are what gives my day a start

Son, you are without a doubt a Noble Creature

Blessed Spirit, remember me in your prayers and your enormous heart!
