

# TEN THINGS

Have you ever seen the "10 Things to never say to a Farrier" shirts and signs? Or what about the ones for trainers and vets?

My question is why there's not one out there for "not to say to Horses"

So here goes. Maybe THIS will make me rich and famous (those cayenne powder covered sugar cubes didn't work out so well....)

## 10 Things to Never Say to A Horse

- 10) Your momma was a mule
- 9) You can't buck me off
- 8) You sound like a human when you munch those carrots
- 7) No you can't ever have a treat
- 6) I'll feed you after I've eaten
- 5) The glue factory called today
- 4) The dog needs exercise. Let him chase you around for a bit, you need the exercise too.
- 3) I wish you were a different color/breed
- 2) Do not argue with me, you'll lose
- 1) Bite me!
